Plant Manager Is Cited For Illegal Burning In Forest

Two complaints have been filed against William Fredericks, manager, and the Vita-Bark Corporation, charging them with violations of the fire laws.

The first complaint was filed by the U.S. Forest Service after a company truck, equipped with a wooden body, was permitted to haul smoldering bark refuse from the mill on west River Street to Loyalton. The Forest Service was warned of the burning load as it passed through Truckee and a patrol car and tanker truck followed to a point near Sagehen Creek where the fire had apparently got out of control, official reported.

The tanker wet the load down and the truck, according to reports, proceeded to Loyalton where the fire department extinguished the threatening cargo. The refuse was being used, witnesses said, as a fertilizer on a ranch in Sierra Valley.

The complaint was filed and bail set at $550 by Judge F. W. Wilson.

District Attorney Harold Berliner filed the second complaint signed by the Forest Service charging the manager and his company with permitting a fire at the plant without permission and disregarding requests to extinguish it. The pile of bark and sawdust had been burning since March despite repeated warnings, officials of the Forest Service said.

Bail of $550 was also set on the latter complaint. Fredericks was asked to appear for a hearing on both charges July 20 before Judge Wilson.

Local Chamber To Study County Plan

Members of the Truckee Donner Chamber of Commerce meeting at Smart's yesterday, discussed the plan to form a county chamber of commerce and the consensus of opinion was that it would not be of any benefit to Truckee.

Chamber members were asked to attend a meeting of the planning commission Friday evening at the county government building to learn more details of the proposal before taking final action.

The chamber also urged action by the sheriff's department to curb violations among the boaters at Donner Lake where, it was reported, serious danger exists unless the boat operators are forced to observe the law.

250 Attend First Old Timers Night

Upwards of 250 people, most of them old timers, gathered at the Donner Lake Lodge last night for the first annual Old Timers' Night sponsored by the Truckee-Donner Chamber of Commerce and the Lions Club.

Following the no-host dinner, the guests heard a number of speakers relate incidents of the early history of the area and viewed aritifacts of the region including arrowhead collections. old weapons, snowshoes and similar antiques.

Jack Marquette was the master of ceremonies. Carson White was chairman of the committee on arrangements. Tape recordings were made from interviews with the old timers for posterity.

All Old Cars Off Of Streets At Beach

KINGS BEACH — Through the efforts of the North Tahoe Community Club, the streets of Kings Beach have taken on a neater appearance with the removal of the old abandoned vehicles.

Curtis Hart, who headed the cleanup committee for the club, said that an additional 23 old vehicles were hauled to the Stout Wrecking Yard near Hirschdale last week. Cost of the project to the club was approximately $600 but Hart said it was money well spent.

Previously, through volunteer efforts, 52 of the old cars were hauled away.

BOX ON DRYER AT BEACH CAUSES FIRE

KING BEACH — A cardboard box left on top of a dryer in the Waters Laundry at Kings Beach last week resulted in a fire with an estimated damage of $100.

The volunteer fire department was called and prevented a much greater loss, Chief Curtis Hart reported.

ABANDONED VEHICLES

County Counsel Leo Todd is expected to meet with Truckee officials in an effort to work out a contract for disposing of abandoned vehicles in this area.

Two Small Fires Point Up Danger To Drying Forests

The Forest Service suppression crews were dispatched to a point along the Southern Pacific tracks near Horseshoe Bend just west of Truckee Saturday evening about 7 p. m. when two small fires along the track were reported.

The crew arrived and soon had the blaze controlled without material damage.

The speed of the suppression crews, helicopter and other fire fighting equipment in reaching potentially dangerous fires is remarkable, but is occasioned by the fact that fire danger this year is ten times that of 1965, forest service officials explained, and the worst in more than 20 years.

The forests, grass and brush are extremely dry and the continuing winds and dry weather create a serious hazard. More than two dozen fires have been reported in the Truckee District thus far during the season, all potentially dangerous, but caught and controlled without serious results.

As a result of the conditions, Forest Service officials have adopted a "get tough" attitude and will arrest violators of the rules and regulations whenever and wherever they are apprehended, they declared.

It is not impossible to experience another fire similar to the Donner Ridge burn unless every precaution is used, they pointed out and while the patrolmen and others of the service will be constantly on guard, the support of the public is asked.

Sanitary Board To Open Bond Bids

Directors of the Truckee Sanitary District are concerned over the fact that no bids were received at the meeting Tuesday night for $600,000 worth of general obligation bonds to start work on the extension of the sewer facilities.

It was decided to contact some of the leading financial institutions to determine why the tax-free bond issue did not attract investors and to receive belated offers at a special meeting Friday evening.

Fred Hodder, manager for the district, said that several investment firms were contacted yesterday and it was indicated that at least two and possibly four would offer bids at the Friday special meeting.

TWENTY ABANDONED FIRES DURING MONTH

During June nearly twenty abandoned campfires were reported on the Tahoe National Forest.

Five campers were cited to court and paid fines up to $110. Several other cases are still under investigation, including two which resulted in wildfires.

Tahoe Forest Supervisor Hank Branagh stated that extra patrolmen have been placed on duty due to extreme burning conditions, and instructed them to immediately cite any observed violations of the fire laws. Forest officers, both U.S. and California Division of Forestry, have asked woodsworkers and recreation visitors to use extreme caution with campfires and smoking — NEVER let these go out alone!

MAN KILLED IN CAR MISHAP ON FREEWAY

Elisha V. Graham, 51, Fremont, was fatally injured in a single car accident on Interstate 80 near the Highway 20 intersection last week.

Graham had left his wife with another couple on Antelope Lake near Greenville while he drove to the bay area to purchase a boat. He was returning with the boat atop his car when the vehicle ran off the highway and plunged down an embankment.

TWO ARE FINED FOR DRUNKEN DRIVING

Two men accused of driving while intoxicated were fined $330 each when they appeared before Judge F. W. Wilson in the Truckee Judicial District Court.

They are Frank John Fagnani, 65, Milbrae and Everett A. Johnson, 44, Rio Linda. Both were arrested by the California Highway Patrol.

Sailplane Hangar At Airport Leased For 10 Year Period

The board of directors of the Truckee Tahoe Airport District last Thursday awarded a contract to Tahoe Builders, owned by Frank English of Truckee for the construction of a sailplane hangar and office building at the airport.

The bid was for approximately $25,000 and provides for a 40 x 112 foot structure to be erected just east of the present airplane hangar.

The building has been leased for a ten-year period to Victor Swierkowski of the Sierra Soaring, Inc., of Truckee, which is making the airport headquarters.

The area around the new building will be surfaced under a separate contract, according to Andrew Creglow, manager of the airport district.

Increase In Taxes Seen From Budget

Nevada county's preliminary budget was accepted Tuesday for a total of $5,880,376, following the department by department analysis by board members during June.

This compares with the total budget of $5,067,256 for 1965-66.

The budget will be subject to a hearing early in August before its final acceptance. At this hearing, the figures, by department or by areas within the departments may be moved up or down as circumstances and desires dictate.

Should the full Department of Public Roads budget be included approximately $140,000 local tax monies would be required, boosting the tax rate for this alone 26 cents.

If the reserves which the board wants to carry for the year are approved, it would require a 12 cent tax boost.

The supervisors gave no indication that one or the other was in their immediate thinking. The figures as submitted by Auditor-Controller John T. Trauner were based on an estimated $4,000,000 gain in assessed valuation.

Reno Man Named As Football Coach

John Prida, athletic director at the Wooster High School in Reno for the past two years, has been appointed head football coach at Tahoe Truckee High School to succeed Roger Tofft.

Tofft is leaving to assume a position with the new Oakmont High School at Roseville. He taught here one year and is a former Humboldt State quqarterback.

Prida will teach driver education and physical education in addition to his coaching duties. He was an outstanding athlete at Pershing High School in Lovelock where he graduated in 1958. At the University of Nevada he was a football defensive halfback for three years and participated in track. He graduated in 1962 and won his master's degree in 1964.

Prida and his wife, Kay, will make their home in Truckee.

AIRLINE ESTABLISHES OFFICE AT AIRPORT

The Sierra Pacific Airlines has established an office at the Truckee Tahoe Airport and reports are that the scheduled flights are creating unexpected good business and indications are that at the conclusion of the trial period, agreed to by the board of directors of the district, the company will continue to operate.

Miss Joni England has been employed by the airline to be in charge of the office at the airport, where she sells tickets and takes care of other details for the company.

TWO ARE TIED FOR BEST BALL TOURNEY

The Ponderosa Golf Club will hold a meeting July 21 at 8 p.m. and all members are requested to attend.

Three Rescued In Near Drownings During Weekend

Three people narrowly escaped death by drowning during the week-end in this area.

William Raber, 44, Floriston, was rushed to the Tahoe Forest Hospital by Truckee Ambulance Sunday afternoon after he apparently suffered a cramp and sank in the swimming pool at Olympic Village.

He was rescued by companions and given artificial respiration before being taken to the hospital where he was treated and released Monday.

Donald R. Matthew, 47, and his son Donald B., 8, of Sherman Oaks, escaped a tragic death near Tahoe City Saturday when the boat from which they were fishing capsized a quarter of a mile off shore in Lake Tahoe.

The overturned boat was seen by three other fishermen, Ben Ichikawa and Robert Loftus both of Santa Clara and William Abbersold of Sunnyside and when they arrived on the scene, Matthew was holding his son above water and both were exhausted.

When the two were pulled from the lake the father was unconscious until revived by the Tahoe City Fire Department resuscitator.

Both were rushed to the hospital where they were treated for exhaustion and released.

Plan Extension Of Local Fire District

In their meeting Tuesday, the governing board of the Truckee Fire Protection District voted to extend the boundaries of the district to include all the area within the boundaries of the Truckee Public Utility District.

The matter will be referred to County Counsel Leo Todd for any required legal action.

In the meantime, the board is awaiting word from Todd regarding the recent proposed annexation of the Donner Lake Volunteer Fire Department into the Truckee District.

Board Rejects Two Applications For Parking Of Trailers

The Nevada County Planning Commission Monday night rejected two use permit applications, granted one and conditionally granted a fourth.

The application of the Douglas Lumber Corporation for construction and maintenance of a six-unit trailer park and/or labor camp for housing employes in an A-1 zoning district on property leased from the Southern Pacific just west of the mill in the east part of Truckee, was denied.

Also denied was the application of the Ray Mac Planing Mill for construction and maintenance of a one-unit trailer space for housing a maintenance man on the mill site on West River street.

The board approved an application of Beacon Hill Lodge at Norden for construction of a single-faced sign, 8 x 20 feet on the south side of Interstate 80 west of Soda Springs.

The tentative map of Gerald Lewis Division for 16 lots on Cold Stream road, southwest of Donner Lake, was conditionally approved by the board.

Lloyd told Patrol Officer Walter Kalb that a strong gust of wind caused the vehicle to swerve and in turning it back he overcorrected. The car crossed the dividing line, the west-bound lane and upset, pinning the two youths inside. Polish was taken to the Tahoe Forest Hospital for treatment.

Contract Awarded For Trail Repairs

More than 35 miles of severely eroded riding and hiking trails in the North Tahoe-Donner Pass area will be rehabilitated this summer, it was announced today.

Doolittle's average bid of $691 per mile to do the contracted portion of the rehabilitation project was the lowest of eight bids.

The work will involve clearing brush, limbs, and logs from the trail and repairing the trail tread including removal of exposed rocks and installation of rolling water dips.

CANADA BOASTS BIGGEST RAILWAY

Although most people are aware that Canada's population is roughly only one-tenth that of the United States, few realize that Canada's land mass is greater. The job of providing rail service across Canada's 4,500 miles from Newfoundland on the east to British Columbia on the Pacific has today fallen mainly to Canadian National, North America's largest railway system. It operates 32,551 miles of track, 24,365 of them first main track; 1,126 all other main track and 7,060 miles of spurs, sidings and yard tracks. Some of CN's freight and passenger equipment are seen in action above. The railway counts 2,099 diesel electric engines, 18 electric locomotives, 108 steam generators, 2,577 passenger cars and 102,711 units of freight equipment on its roster. Besides trains, its operations include ships, trucks, hotels and telecommunications, through all 10 Canadian provinces and 11 states in the U.S. F.N.S.

Hospital Project

(Continued from Page 1)

so a large group of workers are expected.

Rebuilding the stone wall near the entrance walk is the prime project, however, a flagstone area is expected to be laid near the downstairs doorway, lawn beds prepared and the ambulance entrance area cleaned up.

A sign-up sheet is being prepared and a cash prize will be given the organization which contributes the most man-hours.

Most of the projects are designed for men, but there will be some smaller less strenuous jobs for women.

Women can help by making sandwiches for lunch and offer their services for the barbecue to be served that evening at 5 p.m.

Tax money does not cover landscaping expenses and a community project such as this is one way to get things done inexpensively.

Clements Rock Products, Inc., of Truckee has already donated sand and gravel and Fibreboard Paper Products Corp., of Hobart Mills is giving sawdust.

The following items will be needed for the workday: cement, cement mixer, trucks, shovels, rakes, trowels, etc., and lots of elbow grease.

If help cannot be offered that day, you can contribute something or time before August 7th.

Rocks should be gathered, hauled and be ready for use that day.

A Hospital Beautification Committee is being formed and more information will be available at a later date.

DONNER DOINGS

By VI WHITE

Strong shifty winds prevailed over the weekend so the sailors who entered the races really had a tricky time of it, in fact one gust caught Fred Hodder and his crew, Doris Lucchesi, unawares and over they went.

Winners of the medals after three races were all members of the Donner Lake Sailing Club. Howard Mehl and his wife Jerry were first place winners and received a nice plaque plus the perpetual Driftwood trophy.

Dick and Marie Good were second and Leland and Natalie Brown, third. All have Lido-14 sailboats.

Other class boats were: Lewis' Glen L 13, Hewitt's Korsar, Rainey's Albacore, Mehl's El Toro, and White's Continental-14. Thanks to Doc Ed Wilkins the C-14 managed to round all the bouys and pass the little El Toro after having a poor start.

The group had dinner at Donner Lake Lodge Saturday night and s aw an exciting movie of the America Cup races.

Officers for the 1966-67 year were informally installed on the lawn of the lodge Sunday: Commodore, Ed Corum; vice commodore, Carson White; rear commodore, Leland Brown, and secretary-treasurer, Vi White. Directors are Dick Good, Lloyd Pratt, Howard Mehl, Fred Hodder and Arthur Humphries.

Mr. and Mrs. Albert Hoover of Florida and Mr. and Mrs. George Bressler of Pennsylvania are enjoying a visit with Mr. and Mrs. Ed Gomes at their Donner Lake cabin. The Bressler's are Mrs. Gomes' parents and Mr. Hoover her uncle. Vacation homes are a wonderful place to entertain out of town guests, there's so much to show them up here.

If only the old relics could talk! Some of the interesting items on display at Old Timers Night at Donner Lake Lodge Wednesday were, arrow heads, square nails, a railroad mallot, fire hose cart, guns, skis, ice skates, clothes, Chinese pottery and money.

Fortunately some fantastic stories of the old days of the wagon trains, lumber mills and railroad building era have now been recorded on tape for succeeding generations to come.

The Beautification Committee for the Tahoe Forest Hospital has come up with a great idea to get the landscaping done around the building.

A work day has been scheduled for August 7, a Sunday, and all the clubs in the area are asked to participate in the effort.

Dick Joseph, a long time resident of the area who donated the land for the hospital years ago, has taken much interest in its progress ever since and is happy to learn of the landscaping plans.

The Donner Lake Waterski Club will have some barefoot skiing demonstrations during their meet July 23 at Donner Beach at the west end. Dave Jackson of Sacramento who was the first to fly over Donner Lake at last years meet, is expected to return and exhibit more of his kite flying talents on waterskis.

Registration will open at 8 a.m. for the various divisions with competition starting at 8:30 a.m. and running most of the day.

One sad note that occurred during the sailboat races last weekend was the loss of a wallet by Dr. Miles Hewitt of Sacramento while he was hiking out in a tight reach in his sleek Korsar. Maybe some fisherman will retrieve it someday.

* * *

We certainly want to thank Jack deRyk of Truckee Rents for the effort he made to have his sailboat enter the boat parade before the fireworks July 3rd. He barely made it and when the wind completely died down, he paddled all the way back to his launching spot, Cottage Pines Resort. Better rent a motor next time Jack!

Plans are already formulated for next year, to have Sky Miles' Little Toot out there shooting water with the fire department Billy Pump, and more waterskiers and lighted boats.

Some of the homes to be visited during the House and Cabin tour are: Mr. and Mrs. Duane Lueth; Mrs. Burke; Mr. and Mrs. Richard Good; with refreshments at Mr. and Mrs. Les Hadley's.

The tour will start from Donner Lake Lodge at 12:30. Tickets are available from members of the Donner Lake Fire Department Auxiliary, at the Lodge, and Harry's Grocery.

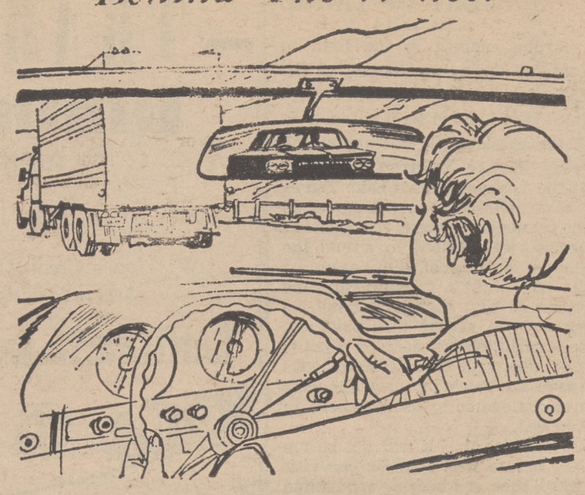
Behind The Wheel



DEFENSIVE DRIVING—Always be alert to take the proper defensive action when there is a vehicle behind you, advises the California State Automobile Association. (1) Check your rear view mirror frequently. (2) Signal well in advance when slowing or stopping. (3) Make slow, gradual stops. (4) Make authorized stops only. (5) Make sure your vehicle does not roll back when starting from a standing position. These precautions are especially important if the vehicle behind is following too closely.

Roy Blair of the state board of equalization told the Truckee Lions Club last night that of the taxes collected annually by the state, 70 per cent is administered by the board and half or more is returned to incorporated cities and counties.

Excitement was created when a bolt of lightning struck the Nevada Hotel on Riverside Drive and caught a curtain afire.

Vive Les Girls Show Now In Fifth Week

CRYSTAL BAY — It's show time in the Paris tradition at Nevada Lodge every night these days, as the spectacular "Vive Les Girls" Revue enters its fifth smash week.

"Vive Les Girls" is a no-cameras, continental Revue, bringing Parisian excitement to the shores of North Lake Tahoe.

The keynote is showgirls: glamorous Europeans, dazzling Americans and the strikingly beautiful oriental songstress, Chiaki Keiko. As the show's lead femal singer, she brings a refreshing Far Eastern flavor to the production. Now in her mid-twenties, she boasts five rich years of solid experience prior to "Vive Les Girls". For three years she sang with Japan's leading dance band, becoming a household word for millions of Japanese fans.

"Vive Les Girls" has proved to be the most exciting adult-only stage revue to come to the sparkling shores of North Lake Tahoe. Brilliantly staged in Nevada Lodge's splendid Topaz Room, it is a continuing parade of some of the most voluptuous beauties ever to walk the stage. The pulsating dance numbers are puctuated by specialty acts in the traditional revue manner: Rola and Rolan in an amazing gymnastic balancing specialty; the great Carazini's hilarious chain-smoking feature; and "Opera in the Ruff" presented by Charlotte Arren and Johnny Broderick.

Nevada Lodge also provides continuous lounge entertainment fro dusk until dawn, where the Skiles and Henderson comic duo share the spotlight with Jackie Burns.

VAIL'S DRUG WINS IN SLO-PITCH CONTEST

Vail's Drug knocked off Loynd's Drug 19 to 3 and moved into first place in the Truckee-Donner Recreation and Park District's Slo-Pitch league.

Bob Masters and Randy Bobby supplied the power for Vail's by hitting one home run apiece. Joe Copeland hit well for Loynd's with three hits for three at bats.

Fontana's edged out Fibreboard 15 to 13 in a close and exciting game, Nat Topal homered for Fontana's while Hank Swartz, Ron Shively, and Howard Fish hit round-trippers for Fibreboard.

Vail's stretched out their league lead by belting Fibreboard 23 to 5 with a home run by Roger Tofft being the big blow of the evening.

Fontana's upset Loynd's 13 to 7 and moved into a tie for second place. Nat Topal was the big bat for Fontana's collecting three hits for four at bats, with one of the hits being a two run homer.

Tonight's games feature Fibreboard and Fontana's on Diamond No. 1 and Vail's and Loynd's on Diamond No. 2.

TWO YOUTHS HELD IN CAR THEFT AT LAKE

A high-speed ride through Kings Beach last Thursday ended when the car driven by Norman Charles Martin, 27, Tahoe Vista, crashed into a utility pole half a mile west of the Brockway shortcut intersection.

The California Highway Patrol reported witnesses saying the car came off the Brockway Hill and through Kings Beach at a speed of 80 miles an hour.

Despite the seriousness of the crash, the driver escaped with broken ribs and other minor injuries. He was cited for reckless driving by Patrolman Ben Short.

In 1825, the western portion of the continent was regarded as permanent Indian territory and settlers were not allowed by law west of the Arkansas and Missouri rivers.

Outstanding Young Farmers Of America

BIRMINGHAM, ALABAMA — Grade A farmers, the U.S. Jaycees and the National LP-Gas Association selected America's four outstanding young farmers for 1965-66 at an awards ceremony here. Representing more than 12,000 nominees from 42 states, the winners are shown here with sponsor presidents. They are (left to right) T. H. Slade, Sr., National LP-Gas Association president; David A. Blalock, Linden, North Carolina; J. C. Holland, Plantersville, Mississippi; C. W. Bailey, Ocala, Florida; John Kautz, Lodi, California; and James A. Skidmore, Jr., U.S. Jaycee president.

PRESIDENT'S WIFE IN SUPPORT OF TAHOE

Strong support in the fight to preserve the natural beauty of the Lake Tahoe area has been received from Mrs. Lyndon B. Johnson, wife of the president, it was announced today by Lee Emerson, president of the League to Save Lake Tahoe.

Mrs. Johnson, national leader in the campaign to preserve America's beauty, was invited to attend the annual meeting of the League at the Lake July 9. In expressing the regret of Mrs. Johnson for not being able to accept the invitation, Bess Abell, social secretary for the first lady, said Mrs. Johnson looks upon Lake Tahoe as one of the most precious scenic spots anywhere in America.

"We hope that it will not be too long before Mrs. Johnson can visit Lake Tahoe and become acquainted first-hand with some of the problems of the area," Emerson stated.

KEEP OUR FORESTS GREEN

Will Not Be Leased

Congressman Harold T. (Bizz) Johnson has given emphatic assurance that the federal government will not allow the Truckee Carson Irrigation District of Nevada to lease 64 acres of bureau of reclamation land at North Tahoe to a joint commercial development concern.

The plan of the TCID to lease the government land, designed to net the irrigation district more than $1 million during the next 100 years, was revealed by the Auburn Journal recently. Among the first to protest was C. E. Martin, executive director of the Lake Tahoe Area Council.

In a letter to Martin, Congressman Johnson said:

"It is my understanding that although no final decision has been made, the present thinking of the federal government is that the lease proposal cannot be authorized, even if there were a desire to do so."

The 64 acres in question are adjacent to the Lake Tahoe outlet into the Truckee River at Tahoe City. Officially, the land is owned by the federal government and administered by the bureau of reclamation.

COUNTY SHARES IN MOTOR LICENSE FEE

SACRAMENTO — (CNS) — Cities and counties in California shared a total of $176 million in motor vehicle license fees during the 1965-66 fiscal year which just ended, State Controller Alan Cranston reported.

Cranston said the final of three installments was made in June, totaling $40.3 million statewide.

Nevada County's June payment was $22,574.

The first payment was made in December and a second advance payment made in April.

Half of the money goes to the counties and the other half to the 398 incorporated cities, all on a population basis. The allocation for the year amounted to $6.24 for each city resident and $4.72 for each county resident.

The money may be used by cities and counties for general public purposes, as it takes the place of local property taxes on vehicles. It generally is known as the "in lieu" tax and is paid by motorists at the time vehicles are registered.

ASSESSMENT ROLL IS HIGHER IN COUNTY

Nevada county's assessment roll for 1966-67 had a net gain of $4,664,270, Assessor Charles R. Kitts said when he submitted the official roll to the Nevada county board of supervisors in session for their second July meeting.

The secured roll was submitted at a total of $44,564,870, which was and increase of $5,353,460 over 1965-66.

However, the unsecured roll (personal property) at $2,587,410, was a decrease of $689,190, due primarily to the removal from the county of the equipment used by the Hardemann and other companies on the completed Yuba-Bear project of the Nevada Irrigation District.
